

September

Do you think
an apple a day
“keeps the doctor away”?

What does that saying
really mean?

September

Would you
rather a:

red,
yellow

OR

green apple?

What's your favorite
apple variety?

September

There is an
annual apple festival
in Georgia.

Which areas of Georgia
do you think grow the
most apples?

September

Did you know
apples grow in
almost every state?

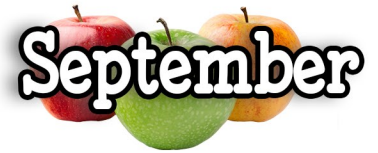

Where do you think
they grow best
in Georgia?

September

Apple flesh turns brown
soon after it exposed.
This brown color does
not reflect nutrient status
but instead happens due
to exposure to oxygen.

What are some ways to
prevent this browning?

September

Do you know how
apples grow?

Apples grow on a
tree and will start falling
from the tree when
it is time to pick them.
