DECORATE with Data

Use paper plates to line the outside of a bulletin board to make a border. Start in the top left corner and place a number on each plate.

3.1415926535897932384626433832795028841971693

In the center of the board decorate with foil pie plates.

Consider adding a Pi themed message like a take on the song "Friday" by Rebecca Black...

"It's Pi Day, Pi Day. Gotta Get Down on Pi Day!"
